About

On behalf of the International Business and Technology Program at Gordon Graydon Memorial Secondary School, I would like to thank Rustom for his numerous contributions that enhanced and supported the program for the past year. Rustom has provided consistent high-calibre performance and enabled us to rely on your unfailing technical support and expertise.

Meeta Jospeh, Coordinator – International Business and Technology Program

Rustom Patel created a fantastic business site for my photography company. Rustom's sound communication skills, creativity, and professionalism enabled him to develop a website that exactly fits my needs as an entrepreneur. My site is regularly complimented by my clients.

Barbara Allan, Founder - www.ballan.ca

Rustom was able to capture my vision in a creative yet practical way; he is reliable and professional in his approach. It is both an honour and pleasure to know this young man and I have no doubt that with this type of drive and dedication; that Rustom will go a very long way and succeed in whatever he chooses.

S. Dianne Morgan - www.amazing-women.ca

Professional services provided at very reasonable prices. The site that was created was beyond our expectations in terms of design and user-friendliness. It helped us generate credibility for potential customers as well as enabling us to display additional services and work performed at previous job sites. In turn, this gave our current clients the confidence to choose us as contractors on other services we provide. Overall a fantastic experience and will undoubtedly be our sole provider of web design in the future.
